#### Did you know?

GMS has been delivering quality HVAC, electrical, plumbing and mechanical infrastructure solutions since 1998. Our technicians meet the highest standards in the industry, so are able to diagnose, repair and complete the majority of service calls on the first visit.

#### Did you know?

GMS has an approach to design / build mechanical contracting that can shorten the lead time from design to project completion by up to six months?

#### Did you know?

The GSA Schedule and the GSA BMO Contract offers government customers direct delivery of GMS' HVAC, mechanical, electrical and plumbing services & solutions. It also provides the benefit of shorter lead times, lower administrative costs and reduced inventories.

Contact your [GSA Customer Service Director](#) for more information on how you can use the GMS Schedule
